DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims **15-26,28** and **30-31** are rejected under 35 U.S.C. 102(b) as being anticipated by Cipkowski (USPN 5,976,895).

Cipkowski discloses an assay device for urine analysis comprising a container having an interior sample chamber with a liquid sample space (Fig. 1), a cap adapted to be placed on the container opening for closing and opening and sealing the container (Fig. 1), an assay strip disposed in the cap which can be placed in the a liquid sample space of the interior chamber (Fig. 1, #25); a wick mounted to the cap and extending into the liquid sample space which is in fluid communication with the sample (col. 3, line 23-col. 4, line 65); the cover is transparent, a wicking material which transfers the sample liquid to the assay region of the assay strip (col. 3, line 23-col. 4, line 65).

Response to Arguments

Applicant's arguments filed 3/18/03 have been fully considered but they are not persuasive. As can be seen in figure 1 and 8 the test card is mounted to the lid (specifically figure 8 lid # 38). Webster's II Dictionary defines "mounted" as "**to place or fix on or in a secure place for display, study or use**" (definition #5 b). The prior art

Art Unit: 1743

clear supports the limitation of "a wick mounted to said cap and extending into said liquid" with regards to the Webster's definition.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
